

The Golden Hum

Remy Zero

i feel my wings have broken in your hands, i feel the words unpoken inside, before we all learn i will give you anything you want, oh, well all i wanted, all my dreams are on the ground, crawling around and round and

*somebody save me, that your warm hands break right through, so somebody save me, i don't care how you do and just stay, stay come on, i've been waiting for you,

i feel the world has folded in your heart, i feel the waves crash down inside, before we all learn, i will give you anything you want, oh, well all i wanted,

all my dreams have fallen down, crawling around and round and

*somebody save me that your warm hands break right through, somebody save me, i don't care how you do and just stay stay come on, i've been waiting for you

all my dreams have fallen down crawling around and round and

*somebody save me that your warm hands break right through, somebody save me i don't care how you do and just stay with me, i've made this whole world shatter for you, stay stay 'cause i'm still waiting for you.
