

I thought it was over  
I thought I was free of you  
Then came deja vu  
I thought there's no problem  
I saw you had feet of clay  
That was yesterday  
I find I'm running going nowhere  
I find I'm searching every crowd I pass through  
Looking for you

Deja vu can really haunt you  
Follow and confuse you  
Secrets coming back to taunt you  
Find you and then lose you  
Memories are all you walk through  
Yester- deja vu  
I thought I was OK  
I thought I was in control  
I was not involved  
I thought there's no hassle  
Then I heard our special song  
Everything went wrong  
I see you standing in the doorway  
I walk towards you and I find just shadow  
Where did you go?

I remember all the things we used to do together  
In the past  
Nothing ever seems to last  
I wonder if there was some ... something neglected ...  
Something left unsaid, hasty words instead  
Anything that could go wrong  
It seems nothing was ever right  
I'm haunted by lost chances past  
I call to you in dreams at night  
I'm fettered by our yesterday  
Tomorrow is a bird in flight  
I run to turn another page  
And there you are within but out of sight  
Our love, a bird in flight
