

Shadows

Renegade Five

I believe that you
Are falling from the surface
(I know that it's true)
You can see the sun
Shining on the others
(That's all you can do)

Nothing you did
Nothing you said
Never meant a thing at all
All you can do
Is run for your life
From the fire that brings you down

Trying to find a way
Living in the shadows
(I know that it's true)
Feel it comes for you
Surrounded by a shadow
(It just doesn't go through)

Take my hand I'll lead
You all through the darkness
(That's all I can do)
You will dream away
Never understand it
(It's like I can't get it through)

Nothing you did
Nothing you said
Never meant a thing at all
All you can do
Is run for your life
From the fire that brings you down

Trying to find a way
Living in the shadows
(I know that it's true)
Feel it comes for you
Surrounded by a shadow
(It just doesn't go through)

Maybe one day you'll see
The way to find all you ever need
Then I'll come to you
To rescue you
You will survive in the shadows
In the shadows...
(In the shadows...)

I'll find a way in the dark
Never thought I'll fall
Back to the start
The shadows are fading away
Cause I'm gonna make it, make it,
Make it through

Trying to find a way
Living in the shadows
(I know that it's true)
Feel it comes for you
Surrounded by a shadow
(It just doesn't go through)

Trying to find a way
Living in the shadows
(I know that it's true)
Feel it comes for you
Surrounded by a shadow
(It just doesn't go through)
