

# Shadows

Renegade Five

I believe that you  
Are falling from the surface  
(I know that it's true)  
You can see the sun  
Shining on the others  
(That's all you can do)

Nothing you did  
Nothing you said  
Never meant a thing at all  
All you can do  
Is run for your life  
From the fire that brings you down

Trying to find a way  
Living in the shadows  
(I know that it's true)  
Feel it comes for you  
Surrounded by a shadow  
(It just doesn't go through)

Take my hand I'll lead  
You all through the darkness  
(That's all I can do)  
You will dream away  
Never understand it  
(It's like I can't get it through)

Nothing you did  
Nothing you said  
Never meant a thing at all  
All you can do  
Is run for your life  
From the fire that brings you down

Trying to find a way  
Living in the shadows  
(I know that it's true)  
Feel it comes for you  
Surrounded by a shadow  
(It just doesn't go through)

Maybe one day you'll see  
The way to find all you ever need  
Then I'll come to you  
To rescue you  
You will survive in the shadows  
In the shadows...  
(In the shadows...)

I'll find a way in the dark  
Never thought I'll fall  
Back to the start  
The shadows are fading away  
Cause I'm gonna make it, make it,  
Make it through

Trying to find a way  
Living in the shadows  
(I know that it's true)  
Feel it comes for you  
Surrounded by a shadow  
(It just doesn't go through)

Trying to find a way  
Living in the shadows  
(I know that it's true)  
Feel it comes for you  
Surrounded by a shadow  
(It just doesn't go through)
