

Back in My Heart Again

REO Speedwagon

A grey ghost night
On an Eastern flight
Sixteen thousand miles away
I lay awake
When the morning breaks
But what can I do to get you
Back in my heart again

The towns top gun
Safe at number one
No man's will can change my life
Safe and certain
But now I'm hurtin'
So what can I do to get you
Back in my heart again
Blowin' through my life
Life a cold winters wind
Now in my mind I know I didn't win
I want you back in my heart again

Baby, baby
What can I say
I was wrong so I ran away
A million miles
Wont make me smile
I want you, want you, want you
