

Gotta Feel More

REO Speedwagon

I've never seen the sea seem so calm.
I've never felt the breeze slippin' thru the trees.
But now I've got you and it's takin so long.
I wanna see more.
I gotta feel more.
I never felt young 'til I met you.
Never felt fear 'til I thought about losin' you.
Only a fool would think that it's all true.
I wanna see more.
I gotta feel more.

I gotta feel more - more - more -
Than I've ever felt before.
There are deeper places to explore.
I've seen the world thru an eagle's eye.
I've felt the ocean's roar.
I still love you to the core,
I just gotta feel more.

I never did believe that mountains could move.
Never did believe that the Yankees could lose.
I never thought love could come my way.
I wanna see more.
I gotta feel more.

I never felt young 'til I met you.
Never felt fear 'til I thought about losin' you.
Only a fool would think that it's all true.
I wanna see more.
I gotta feel more.

I gotta feel more - more - more -
Than I've ever felt before.
There are deeper places to explore.
I've seen the world thru an eagle's eye.
I've felt the ocean's roar.
I still love you to the core,
I just gotta feel more.
