

Heavy on Your Love

REO Speedwagon

I'm gettin' heavy on your love
Every night
Gettin' ready for your love
With all of my might
I was crazy for your love
Never stayed around you love
Aw but you make me deadly

I was lost but now I've found
Havin' you around has made me heavy,
Heavy on your love.

Heavy on your love,
Old enough to wait
Got a letter full of love
And it's just about to break
Cause my love was never real
I could touch but never feel
Ah, but you make me deadly

I was lost but now I've found
Havin' you around has made me heavy,
Heavy on your love
