

I Need You Tonight

REO Speedwagon

How can I show you?
I take back what I told you.
'cause something happens when I hold you,
And that makes everything all right.

And oh... oh... I need you tonight.
I just need you tonight.
I wrote all I can write.
I just need you tonight.

In need you tonight.

Secrets I keep here.
Buried so very deep here.
If only somehow you could sleep here,
You'd make everything all right.
