

Look the Other Way

REO Speedwagon

I know she's sleeping with him
But it can't be true
She loves me too much
That's just something she wouldn't do

Now you may say I look the other way
You may think I'm blind
But I say don't go looking for what you don't want to find

Wouldn't I be the one that you'd come running to
Wouldn't they be my arms
I look into your eyes as you tenderly hold me
So safe and secure, oh how I wish I were

I know she's sleeping with him
But it can't be true...

I say to myself, I've given all I can
I tell myself this game must end
But in the mirror do I see a new man
Or will I look the other way again?

I know she's sleeping with him
But it can't be true...

I know it, you know it, everybody knows it
I can't look the other way
I won't look the other way again
