

## Lost on the Road of Love

REO Speedwagon

I am lost on the road of love  
Twisted and tossed, so many lines have been crossed  
I'm on my way, but for today  
I'm just lost on the road of love

Gotta keep my eyes on the road of love  
Everybody tries, everybody lies  
So tell me true, baby where are you  
Are you lost on the road of love

Oh, not a sign in sight  
And I can't find my way by candlelight  
Gotta keep moving, hold on tight  
And the road of love just might bring me home tonight

Does it ever end, this road of love  
Just around the bend, another future ex-friend  
So hop inside and take a little ride  
We'll get lost on this road of love
