

# Only the Strong Survive

REO Speedwagon

You may not know this  
But you are everything you've ever needed  
Heaven with a touch of New York  
Silver with a touch of gold

And I can see where you're goin'  
But I don't really know the way  
It's got too many changes, too much rearranging  
Too many ways to go astray

So if you wanna go, let me go along  
I never walked that road alone  
I've heard it was hard, I've heard it was long  
But we'll come back alive, 'cause only the strong survive

You walk on a wire, make a game of desire  
Pitchin' pennies down a wishing well  
You're leading the blind through there high and low times  
But baby can you lead yourself?

So calm down, honey, forget about the money  
If you need me I'll always be there  
Go ride your high horse alone of course  
'Cause if you need me I'll always care

But if you wanna go, let me go along  
I never walked that road alone  
I've heard it was hard, I've heard it was long  
But we'll come back alive, 'cause only the strong survive

So if you wanna go, let me go along  
I never walked that road alone  
I've heard it was hard, I've heard it was long  
But we'll come back alive, yes we will

So if you wanna go, let me go along  
I never walked that road alone  
I've heard it was hard, I've heard it was long  
But we'll come back alive, 'cause only the strong survive  
Oh we'll come back alive, 'cause only the strong survive  
Oh we'll come back alive, 'cause only the strong survive
