

## River of Life

REO Speedwagon

River of life  
Which way do you flow  
I seem to be lost  
Which way should I go

I trusted you once  
Ah, you didn't come through  
I really resent  
What else could I do

River you are flowing upstream  
Now with you, you're taking my dream  
River river where will you fall  
Cause I've been waiting in awe  
Where will you fall

River of death  
Ah who will you take  
I'd like to know  
For my own sake

I've got some things  
Ah that I'd like to do  
Whether or not  
Well, it's all up to you

River you are flowing upstream  
Now with you, you're taking my dream  
River river where will you fall  
Cause I've been waiting in awe  
Where will you fall

Oh that river of life keeps flowing  
And no one knows where it's gone, where it's going  
Oh that river of life keeps flowing  
And no one knows where it's gone  
Oh that river of life keeps flowing  
And no one knows where it's gone, where it's going  
Oh that river of life

River you are flowing upstream  
Now with you, you're taking my dream  
River river where will you fall  
Cause I've been waiting in awe  
Where will you fall
