

# Wherever You're Goin' (It's Alright)

REO Speedwagon

Say goodbye, look to the sky  
Set your course on into the night  
Say goodbye, hold your head high  
Wherever you're goin' it's alright

Things must change  
You know they always do get re-arranged  
No reflection on you  
Just face the danger and follow it through  
And the change is gonna be for the best

Well, I know how crazy it feels when you go  
Go out shufflin' your heels  
So take it slow and make only good deals  
You're a young man and it's time to go west, ooh yes

You say goodbye, you look to the sky  
Set your course on into the night  
You say goodbye, you hold your head high  
Wherever you're goin' it's alright

Take a chance, go on make your move  
Nothin' fancy, you got nothin' to prove  
Just make a stance, you know we're countin' on you  
You are the one with the vision

So move out, move ahead of the fear  
Have no doubt in your mind  
There's a very clear out and someone must steer  
It is you who must make the decision, ooh yeah

Say goodbye, look to the sky  
Set your course on into the night  
Say goodbye, hold your head high  
Wherever you're goin' it's alright

Say goodbye, look to the sky  
Set your course on into the night  
Say goodbye, hold your head high  
Wherever you're goin' it's alright

Say goodbye, look to the sky  
Set your course on into the night  
Say goodbye, hold your head high  
Wherever you're goin' it's alright

Say goodbye, look to the sky  
Set your course on into the night  
Say goodbye, hold your head high  
Wherever you're goin' it's alright
