Wherever You're Goin' (It's Alright)

REO Speedwagon

Say goodbye, look to the sky
Set your course on into the night
Say goodbye, hold your head high
Wherever you're goin' it's alright

Things must change You know they always do get re-arranged No reflection on you Just face the danger and follow it through And the change is gonna be for the best

Well, I know how crazy it feels when you go Go out shufflin' your heels So take it slow and make only good deals You're a young man and it's time to go west, ooh yes

You say goodbye, you look to the sky Set your course on into the night You say goodbye, you hold your head high Wherever you're goin' it's alright

Take a chance, go on make your move
Nothin' fancy, you got nothin' to prove
Just make a stance, you know we're countin' on you
You are the one with the vision

So move out, move ahead of the fear Have no doubt in your mind There's a very clear out and someone must steer It is you who must make the decision, ooh yeah

Say goodbye, look to the sky Set your course on into the night Say goodbye, hold your head high Wherever you're goin' it's alright

Say goodbye, look to the sky Set your course on into the night Say goodbye, hold your head high Wherever you're goin' it's alright

Say goodbye, look to the sky Set your course on into the night Say goodbye, hold your head high Wherever you're goin' it's alright

Say goodbye, look to the sky
Set your course on into the night
Say goodbye, hold your head high
Wherever you're goin' it's alright
