I'll find yet another line somehow  
I'll find yet another line somehow  
No need no need need need for sustance  
I'll be the show  
The weekend never lies

Stop me from starting again  
You find me  
I'm wasting amphetamines  
I'm wasting away

You'll find there's a shiver in your spine  
You'll find there's a shiver in your spine  
Make it through the night  
Need no need need need for sustance  
I'll be the show  
The weekend never lies  
The weekend never lies

Stop me from starting again  
You find me  
I'm wasting amphetamines  
I'm wasting away

I know I'm wasting away  
I know I'm wasting away

Stop me from starting again
