Reptar

Entwined  
Your body's white lines  
Fleas on fabric  
As I close the blinds, close the blinds and say  
Pull just a little bit more, freeze and begin  
Getting so much better with my hands on your skin

Can you feel it?  
I look for balance, but it's just cat and mouse  
We're in this part of the city where children don't sleep  
I can feel it in my bones and my feet  
In the legs of the women and boys that I meet  
They're attracting me

Well this is me  
A tupper's young ewe  
I'm turning all of my feelings in to jelly and goo  
Because it makes me angry  
When you are sitting next to me  
I came as cupid, I came as Holly  
Specifics never matter when I come into your body

There's a fire, fire in my house  
But it doesn't really matter because I never put it out  
There's a hole in your holy jeans  
But it makes you happy because it's always seen
