

Clone My Soul

Republica

One life one chance
Play God for body parts
What size and color
Don't it look like mother

One me one you
Four eyes of baby blue
Its final will men fade
Don't you look pretty over my dead body!

You can't clone my soul
You can't clone my soul
Till my heart stops beating
Don't let go!

One life, one chance
Play god for body parts
Big Lord is watching
Over Hell's Kitchen

No don't let go
Don't let go
Don't let go
Don't let go
