

## Picture Me

Republica

Picture me, on a postcard  
Picture me, on a magazine  
Call me on my private number  
You've got my photograph  
On your bedroom wall  
Picture me - Coz everybody wants her  
On a postcard - She makes them smile  
Picture me - And everybody needs her  
On a magazine - Once in a while  
Call me - Coz everybody wants her  
On my private number - She makes them smile  
You've got my photograph - And everybody needs her  
On your bedroom wall - Once in a while  
She is wanted, she is smart  
She'll make you special  
She's got it down to an art  
She don't argue, she's on time  
She is available  
She'll make you feel fine  
She is wanted, she is smart  
She'll make you special  
She's got it down to an art  
She don't argue, she's on time  
She is available  
She'll make you feel fine  
Picture me - Coz everybody wants her  
On a postcard - She makes them smile  
Picture me - And everybody needs her  
On a magazine - Once in a while  
Picture me...
