

How I Do

Res

Look, as far as I can see
Your head is blocking tv
What you want for me to say
I said whatever, go away
What is it that I adore
If you pay me then I'll tell you more
You're looking for some reason why, I'm arrogant
And I'll tell you what

Chorus:

Hey, sometimes that's how I do
And if you feel that bad maybe it's not for you

Chorus 1x

A dead end street from what I can tell
Long as your not there it might be swell
Packed a picture perfect apple pie
For a cherry-poppin' spring joy ride
To get inside this head of mine
Would take a monkey wrench and a lot of wine
And if you're wondering 'bout this life I choose
Grab a mirror take one look at you

Chorus 2x

And I can't tell you why
The people act so crazy
And if I say I wont go
You tell me I'm damn lazy
Don't understand no conviction for nothing
Just keep the heads nodding, keep that head noddin'

Chorus 2x
