

## How I Do

Res

Look, as far as I can see  
Your head is blocking tv  
What you want for me to say  
I said whatever, go away  
What is it that I adore  
If you pay me then I'll tell you more  
You're looking for some reason why, I'm arrogant  
And I'll tell you what

Chorus:

Hey, sometimes that's how I do  
And if you feel that bad maybe it's not for you

Chorus 1x

A dead end street from what I can tell  
Long as your not there it might be swell  
Packed a picture perfect apple pie  
For a cherry-poppin' spring joy ride  
To get inside this head of mine  
Would take a monkey wrench and a lot of wine  
And if you're wondering 'bout this life I choose  
Grab a mirror take one look at you

Chorus 2x

And I can't tell you why  
The people act so crazy  
And if I say I wont go  
You tell me I'm damn lazy  
Don't understand no conviction for nothing  
Just keep the heads nodding, keep that head noddin'

Chorus 2x
