

Ice King

Res

[verse 1]

Although you're an Ice King
Everything that you gave to me
Comes from the destitute and the torn
I can't live this life no more
Just another wasted on
Like a fallen star in Babylon
You said I was your princess baby
I told you certain things you can't possess
So let me go let me go
Cause I

[CHORUS x 2]

I've given until I break
The ground beneath us quakes
How can we grow when we've only begun
Forsaken beneath the sun

[verse 2]

Although I've seen your wickedness
I still love your effervesence
And I know that loving you don't make no sense
But I guess that's why I like it
Just another priceless pawn
All our dreams are now forgone
You said I was your princess baby
I told you certain things you can't possess
So let me go let me go
cause i

[CHORUS x 2]

I've given until I break
The ground beneath us quakes
How can we grow when we've only begun
Forsaken beneath the sun

[outro]

Although you're an Ice King
Everything that you gave to me
Comes from the destitute and the torn
I can't live this life no more
