

Don't Ask The Reason Why

Restless Heart

Alone, on your own
No way to see the end
But here's where the road begins
In time I know you'll find
Whatever you're searching for
All of your dreams and more

But right now you're feeling lost and lonely
Crazy to even try
But listen to what your heart keeps saying
And don't ask the reasons why

You've known all along
It won't be an easy climb
But nothing can change your mind
And now here you stand
Your destiny's calling you
You know what you've got to do

And whenever you're feeling lost and lonely
Crazy to even try
Just listen to what your heart keeps saying
And don't ask the reasons why

Don't you know I believe in you
I'll be there when your dream comes true
And wherever you go you'll always know
My love is by your side

Whenever you're feeling lost and lonely
Crazy to even try
Just listen to what your heart keeps saying
And don't ask the reasons why

Remember my love is there beside you
You've got to believe it's true
So listen to what your heart keeps saying
And don't ask the reasons why
Don't ask the reasons why
