

I've Never Been So Sure

Restless Heart

I see the questions in your eyes
Is this love we feel?
I don't need to wonder why
I just know it's real
So where do we go from here?
How do I make it perfectly clear?

[CHORUS]

I've never been so sure
My heart knows you're gonna be the one
Love's never felt like this before
And I've never been so sure

I don't know where this road's gonna take us
Or what tomorrow might bring
I just know that we're gonna make it
'Cause I've gotta heart full of dreams
And there's nothin' we can't do
As long as you've got me and I've got you

[REPEAT CHORUS]

[BRIDGE]

There's not a doubt in my mind
This love will stand the test of time

[REPEAT CHORUS 3 TIMES]
