

## Lady Luck

## Restless Heart

High-heel shoes and a short, tight skirt  
All eyes are glued on her  
She's throwin' boxcar numbers  
All night long  
They're buyin' her drinks, shakin' the dice  
Just tryin' to catch her eye  
Her smile is magic  
But it don't last long

[CHORUS]

Oh Lady Luck  
Casting fortune to the wind  
Come stand beside me  
While that wheel turns 'round again  
Yea, Lady Luck  
Let the chips fall where they may  
Oh, Lady Luck, so glad you passed my way

If you never give up and never give in  
She might just let you win  
But don't try to keep her  
From her next appointed round  
'Cause if you try to hold on just a little too long  
She may just do you wrong  
Pray she stays long enough  
To lay your money down

[REPEAT CHORUS]

[BRIDGE]

Shine on me  
I'm gonna let it ride  
Roll up the numbers  
Takin' one more chance, snake eyes

[REPEAT CHORUS]
