

## Til I Loved You

### Restless Heart

Til I loved you  
I didn't know the meaning of the word.  
I was only takin'  
Giving nothing in return  
My life was an empty page  
Less than an even trade

Til I loved you  
My heart was an island unto itself  
I thought I needed no one  
Til I looked into your eyes  
I knew it all right then  
I saw what a fool I'd been

Til I loved you (til I loved you)  
I didn't know what I was missin'  
Til I loved you  
Taught me that dreamers don't need wings to fly

Til I loved you  
I had never tasted tears of joy  
When I take you in my arms  
There's no doubt in my mind  
This is where I belong  
The loneliness is gone  
I was livin' my life all wrong  
Til I loved you
