

I Need Your Love

Resurrection Band

I want Your love, I need Your love
People come 'n' go, people change
Your love flows, You stay the same
I want Your love

I want Your fire, I need Your desires
Wheels are turnin' all around me
Fire's burnin' I'm so glad You found me
I want Your fire, I need Your desires

I'm not ashamed anymore
I call You Love, Jesus, I call you Lord

You're the beginning, You're the end
You're my first love, my best friend
You brought the daylight to the day
Created starlight to guide my way
You are my Saviour, You are my Lord
You paid the price I could never afford
