Resurrection Band

I'm swimming in an ocean of darkness
Smothered in the kisses of night
Drowning in the sea of sorrows
Under waves of incredible height

Can't remember what dreams were made of
Can't believe there is anything left
What I thought was a garden of Eden became
The valley of the shadow of death

I have lived here before
I cannot find the door

Chased by the shadows
It's me
Nothing ever satisfies
Me
Gold in my hand
Only rust
The only constant is me
And me I can't trust

I have lived here before
I can't find the door
Feel I cannot breathe
The only constant is me

I know that I know that I know that I know I am lost
Over and over and over and over a cross
