

## Mirror

## Resurrection Band

I'm swimming in an ocean of darkness  
Smothered in the kisses of night  
Drowning in the sea of sorrows  
Under waves of incredible height

Can't remember what dreams were made of  
Can't believe there is anything left  
What I thought was a garden of Eden became  
The valley of the shadow of death

I have lived here before  
I cannot find the door

Chased by the shadows  
It's me  
Nothing ever satisfies  
Me  
Gold in my hand  
Only rust  
The only constant is me  
And me I can't trust

I have lived here before  
I can't find the door  
Feel I cannot breathe  
The only constant is me

I know that I know that I know that I know I am lost  
Over and over and over and over a cross
