Oh, I thought that you'd be proud of me
But no, you just instill more doubt in me
I knew that I could make it through like I needed to
But I never thought that you'd be blocking my fucking way

If wishes were horses Then beggars would ride Beggars would ride

You're chopping into my
You're chopping, chopping
My self esteem

One wish, come true It's the end of you One wish, come true It's the end of you

I thought that you'd be proud of me You just instill more doubt in me I knew that I could make it through Just like I needed to

Oh, I thought that you'd be proud of me
But no, you just instill more doubt in me
I knew that I could make it through like I needed to
But I never thought that you'd be blocking my fucking way

With your fucking hands up Expect nothing more (?) Standing in the same place Just begging for a blessing

Instead of making something up
And sitting back and laughing
Well, I can barely crawl
'Cause my fucking back is broken

All I asked for One wish, come true It's the end of you One wish, come true It's the end of you

One wish, come true It's the end of you One wish, come true It's the end of you
