```
Rave. Rave. Rave.
Rave. Rave. Rave.
Rave. Rave. Rave.
Rave. Rave. Rave.
Touch me, I'm blowing up
So roll on down to
The common sense store
And please don't come back
'Til you got some
You're all dumb when
You're done blowing up, son
You're bleeding in the brain
And you're burning up some
Rock the glow sticks
And rock your world
Pop them pills and the party don't stop
Rock the glow sticks
And rock the glow sticks
Pop them pills and the party don't stop
Pop them pills and the mother fucking party don't stop
```
