

# Zorro

Retard-O-Bot

Zorro..

The sun is so bright in my eyes

If you're a dude

He'll cut Z in your chest

And if you're a chick

He'll slash them straps right off your dress

Cut a Z in your chest

Cut a Z in your chest

Slash them straps right off your dress

Slash them straps right off your dress

Across the desert once again.. down horsey

He got along sword, but he got a little mask

He got along sword, but he got a little mask

Zorro ride a horse and he's got a mustache

Zorro ride a horse and he's got a mustache

.. and a horse.. but i already told you that

If you're a dude

He'll cut Z in your chest

And if you're a chick

He'll slash them straps right off your dress

Cut a Z in your chest

Cut a Z in your chest

Cut a Z in your chest

Cut a Z in your chest

Slash them straps right off your dress

Slash them straps right off your dress

Slash them straps right off your dress

Slash them straps right off your dress
