

Keep Me

Reuben Morgan

While I am here
I hold you in my heart
And never let go
of the dreams that we have

And I'll sing your song
While we're apart
Cause I know someday
I'll be there in your arms
Keep Me
Keep Me

No matter where I am
No Matter where I go
I know that I'll never be too far
To call your name
And if I grow weak
Still your love never fails

Be with me now
While I am here
Til I see your face
On that beautiful day
Angels are near
Guiding my feet
As I walk on this road
To the place where we meet
Keep Me
Keep Me

And the seasons come and go
But you stay the same
And the promise still remains
I am yours
