

Parties Break Hearts

Reuben

I got the situation under control
Burning rubber and a whole lot of soul
I see the girl who knows it's all rock'n'roll
And she'll be crying before it's over

And the word on everyone's lips is oxygen
And before I catch my breath
It's time to drink and dance again

I like to hustle with the best of them all
The fit people right to the ugly bird ball
I party hard you know I fit till I fall
I guess I'll see you when it's all over

I got some action and I'm ready to go
I got this girlfriend but she don't gotta know, no
I'll take you down with me right after the show
And she'll be crying before it's over

And the word on everyone's lips is oxygen
And before I catch my breath
It's time to drink and dance again

Make no mistake but you need somebody new
Make or break, it doesn't matter who
Stay awake is all i ever do
Yeah i'm watching you... party!

And the word on everyone's lips is oxygen
And before I catch my breath
It's time to drink and dance again

All of a sudden it feels like you are in love again
And everything is out of sight but

The party will break your heart tonight
The party will break your heart tonight
The party will break your heart tonight
The party will break your heart tonight
