

Hand It To Me

Reverend Horton Heat

You got to hand it to me
You got to hand it to me
I went drinking again
You got to hand it to me
You got to give it to me
You got to hand it to me
I did it to myself.
You got to give it to me

I swore off booze a long time ago
Now one night I've got nothing to show
Poor sweet girl I went and done it again
I won't be your ward for driving in sin

You got to hand it to me
You got to hand it to me
I went drinking again
You got to hand it to me

Musical

It's hard to beleive I've gone and done it again
Went to a place to see all of my friends
One little sip and now look at me
If this bar were school I'd have a degree

Chorus

Musical

I really did love getting drunk with my friends
About 14 years and it never did end
I take good care of rules you don't see
I can't let go, it won't let me be

Chorus
