

Reverend Horton Heat's Big Blue Car

Reverend Horton Heat

Come take a ride, take a ride with me
Come take a ride we don't have to go far
Come take a ride, take a ride with me
Reverend Horton Heat's big blue car

Come take a trip, come take a trip with me
Come take a trip, we are going out to see Mars
Come take a trip, come take a trip with me
Come take a trip in Dick Dale's car

Come take a ride, take a ride with me
Come take a ride we don't have to go far
Come take a ride, take a ride with me
Reverend Horton Heat's big blue car
