

Whole Lotta Baby

Reverend Horton Heat

Girl you can move it, you can move it around
Move it back and forth baby upside down
Girl you can make the men's heads turn round
Whole lotta baby in this one horse town

Whole lotta baby goin' on
Whole lotta baby goin' on
Whole lotta baby goin' on
I love you honey, wow!

You're a girl who can move it with out a doubt
If your gonna build a barn then build it stout
Kinda long and lanky and hard as a rock
From your pink pig tails down to your bobby socks

Whole lotta baby goin' on
Whole lotta baby goin' on
Whole lotta baby goin' on
I love you honey, wow!

Move with me, move with me move to the sound
Move with me, move when the lights go down
Shimmy and shake baby shake it downtown
A long way up but not too far around

Whole lotta baby goin' on
Whole lotta baby goin' on
Whole lotta baby goin' on
I love you honey, wow!

Whole lotta baby goin' on
Whole lotta baby goin' on
Whole lotta baby goin' on
Whole lotta baby goin' on
Whole lotta baby goin' on
Whole lotta baby goin' on
Whole lotta baby goin' on
