

I close my eyes and I drift away; I'm taken forward to a brighter day,
Things get me down, but I can still be free, for I remember that place kept just for me,
And so I'll sing...

I'm carefree, how about you?
Oh yeah,
I'm carefree, how about you?
Oh yeah.

I'm singing out,
I'm shouting out,
How about you?

So many worries get me wound,
Yeah, I got my problems, they bring me down,
But it don't matter when I feel alone, 'cause my God's coming to take me home,
And so I sing...

I'm carefree, how about you?
Oh yeah,
I'm carefree, how about you?
Oh yeah.

I'm singing out,
I'm shouting out,
How about you?

And we're singing...

I'm carefree, how about you?
Oh yeah,
I'm carefree, how about you?

I'm singing out,
I'm shouting out,
How about you?
