

## Chorus Of The Saints

Revive

There's the redeemed lost again  
Confused with doubts and suffering  
But if only they'd open up their eyes  
And see the beauty of their God  
Who has never left their side

This is the chorus of the saints  
Singing 'Hallelujah our God is faithful'  
This is the chorus of the saints  
Singing 'Hallelujah our God is faithful'

We the redeemed are lost again  
With misplaced trust and desire to complain  
But if only we'd open up our eyes  
And see the beauty of our God  
Who has never left our side

This is the chorus of the saints  
Singing 'Hallelujah our God is faithful'  
This is the chorus of the saints  
Singing 'Hallelujah our God is faithful'

So open up your eyes  
And see the beauty of your God  
Who has never left your side

This is the chorus of the saints  
Singing 'Hallelujah our God is faithful'  
This is the chorus of the saints  
Singing 'Hallelujah our God is faithful'  
This is the chorus of the saints  
Singing 'Hallelujah our God is faithful'
