

Find It Here

Revive

Do you take the time to look around?
Are you searching for answers you think can't be found?
Do you want peace and freedom from the world?
Is it time you found hope...hope for your soul?

Yeah, if this is what you're looking for, well, you find it here,
If this is what you're looking for, well, you find it here,
You try to see, but you're stumbling in the night,
Get up, seek him: he who offers life.

Will you find it?
Will you find it?
Will you find it here?
Will you find it?
Will you find it?
Will you find it here?

Is this you? Do you want a change?
Well, breathe it in, let it flow through your veins,
Do you want peace and freedom from the world?
Is it time you found hope...hope for your soul?

Yeah, if this is what you're looking for, well, you find it here,
If this is what you're looking for, well, you find it here,
You try to see, but you're stumbling in the night,
Get up, seek him: he who offers life.

Will you find it?
Will you find it?
Will you find it here?
Will you find it?
Will you find it?
Will you find it here?

Searching for so long,
Darkness overcome,
I got nowhere else to run, but I find it in your son,
Searching for so long,
Darkness overcome,
I got nowhere else to run, but I find it in your son.

If this is what you're looking for, well, you find it here,
Hey, if this is what you're looking for, well, you find it here,
If this is what you're looking for, well, you find it here,
