

## Where I Belong

Revive

Wake up in the morning  
Just like yesterday  
Crawl into the shower  
It's all just the same

But all I want to say  
Is there's something more  
You've bought my life  
And you've made me yours

And I'll give it all to you  
My whole life is in your hands  
And I'll give it all to you  
In your love is where I'll stand  
Cause where you are is where I want to be  
It's where I belong

Caught in this scene  
A recurring dream  
I've forgotten what's real  
Fighting I'm failing, oh Lord I'm praying  
When's this routine going to end
