

# Dissolution Ritual

## Revocation

I speak with corrupted tongue  
Whispered subtle deception  
Slither within and spit  
Verbal manipulation  
I am the one that takes you  
My illicit concubine  
Victimize and incinerate you  
Intoxicant divine

It's time to start the show  
Introduce the hidden self  
Stricken to reveal the truth  
That sickens and repels

Swallowing a sick addiction  
Serenade from a serpent's tongue  
Authoring a fatal fiction  
Symbols dripping with venom.

I am a conflagration  
Cleanse me through ritual burn  
Gradual assassination  
Drains me, squandering rebirth.  
Breathe deep the exhalation  
As bitter droplets singe  
Inhaling escalation  
Rapidly to be undone

It's time to start the show  
Introduce the hidden self  
Stricken to reveal the truth  
That sickens and repels

Swallowing a sick addiction  
Serenade from a serpent's tongue  
Authoring a fatal fiction  
Symbols dripping with venom.

Solo: Dave

I can subvert this prison  
Elevate beyond my flesh  
Reprogram mental systems  
Continuum connect  
Infinite network access  
Invisible spectrum's flow  
Throughout my subtle body  
All I am is what I know
