

## Ixion's Wheel

Revolution Renaissance

Turning the wheel keeps turning Stronger  
The flames are burning  
Lies grow stronger each day

Bleeding the wounds are bleeding  
Shedding kindred blood  
Fell into your trap

It's in your eyes the guilt  
It's in the lies you built  
I thought I gave you everything  
Still you keep wanting more  
I think that you should show some gratitude to me  
Instead you'll be forevermore  
Bound to Ixion's Wheel
