

# Erian's Mystical Rhymes - The White Dragon's Order

Rhapsody of Fire

In primordial times of sorrow  
Ancient ages of the known world  
Kron's reign of terror was rising  
So the Skylords sent their angels  
Against the storm that treathened heavens  
Seven wars were so fought  
The dead rose  
Led by the Darklords of Hell

The last war  
Meant the end  
Of hellgod's  
Old reign

Dark memories lost in the shades of illusion  
Warn the light of electric sky  
The angels could change the life on earth  
But not the demons' old plans

United force of strong wise men...  
A new order soon was born  
Ten kings, ten wizards, elves and dragonlords  
Ready to fight, to fight for their world

Ready to face the last secret  
Hidden for 5000 angel's years  
5000 years

A great and new hope in Elgard was born  
The one hope that could finally find the...

Sacred words to stop the dark plan of Nekron  
All contained in Erian's Mystical White Book

The holy council cast their vote  
Hearing the deep voice of soul  
Etherus... Iras... two names on all  
Elected to face the darklord

They knew so well Erian's tale  
What could be found between his rhymes  
His rhymes of divine light  
Written to save our lands

Ready to face the last secret  
Hidden for 5000 angel's years  
5000 years

Now is the time for them to share all their plans  
The one hope that could finally find the...

Sacred words to stop the dark plan of Nekron  
All contained in Erian's Mystical White Book

So the name was chosen:  
White Dragon's Order  
All sworn to fight

All for one  
One for all

A great and new hope in Elgard was born  
The one hope that could finally find the...

Sacred words to stop the dark plan of Nekron  
All contained in Erian's Mystical White Book  
Sacred words to stop the dark plan of Nekron  
All contained in Erian's Mystical White Book... White Book...

(The White Dragon's Order)

(Iras:)

"And so the Order of the White Dragon decreed Khaas the hero of the middle lands.

He and princess Lothen from the kingdom of the ancient waterfalls,  
together with Tharish, elven king of the caverns and myself, Iras Algor from Hor-Lad,  
would travel the path of incredible danger and great adventure.

Dargor the shadowlord would lead us through the ancient underworld of Darkunor.

Finally the time had come to find the legendary seventh black book,  
that containing the worst of all the known prophecies"
