

Guardians Of Destiny

Rhapsody

Iras led his four new friends to the
mountain of Erinor
the only passage known to men in the
plains of the darklands
shades of fear along their way Naroth's
breath sorrounds the rocks
the fire burns to warms their bones to
protect them at moonlight's fall

Fire don't stop to burn
Flame of the ancient sun
In their brave heart awakes their pride
After 5000 years
Nekron swaers to return
May your courage free our world

FIVE HEROES ARE READY
TO CHALLENGE REAL TERROR
BLACK ORDER'S AWAITING NEKRON'S REBORN
ELECTED BY ELGARD'S MOST SECRED ALLIANCE
NOW THEY ARE THE GUARDIANS OF DESTINY

A glorious vision from mountains high
Only seen with an eagle's eye
They dare to fly they shall not fall
Fly to Hargor's stetely wall
Walls of ancient hellish art
In the dark eternal night
Only men who denied the light
Have the right to cross that line

Fire don't stop to burn
Flame of the ancient sun
In their brave heart awakes their pride
After 5000 years
Nekron swaers to return
May your courage free our world

FIVE HEROES ARE READY
TO CHALLENGE REAL TERROR
BLACK ORDER'S AWAITING NEKRON'S REBORN
