

# Don't Get Me Started

Rhett Akins

Well it was January,  
Not the fourth of July.  
Snow-white morning  
And a clear blue sky.  
We were miles from no where,  
But somehow or other love found us.

We were laughin and lookin in eachothers hearts,  
Talkin' and touchin',  
Tryin' so hard not to notice what was goin on all around us.

(Chorus)

Well there were fireworks flashin',  
And thunder clappin',  
And big waves crashin' on the shore.  
There were church bells ringin',  
And angels singin',  
All gathered round heaven's door.  
And then we kissed,  
And I saw the light.  
I could go on about this all night.  
Hey darlin' if you don't wanna hear how the waters parted,  
Then don't get me started.

No, don't get me started, I'm warnin you  
Unless you got an extra week or two,  
You know darn well how I get when you get me goin.  
No, don't get me talkin' about us.  
About the day we fell in love.  
Unless you're longin' for a dose of strong emotion.

(Chorus)

And then we kissed,  
And I saw the light,  
I could go on about this all night.  
Hey darlin' if you don't wanna hear how the waters parted.  
Don't get me started.  
Well don't get me started...
