

# I Wonder What You're Doin' Tonight

Rhett Akins

Well, I was doin' alright, keepin' you off my mind  
Goin' one three days in a row  
But pullin' out of work, I heard brown eyed girl  
Playin' on my radio  
And for a moment you were sittin' there right by my side  
How I wonder what you're doin' tonight?

My friends and I went out to a bar downtown  
To shoot some pool and listen to the band  
I even caught a friendly smile, Lord it'd been a long while  
So I got up the nerve to ask her to dance  
And when I put my arms around her, it just didn't feel right  
I stood there wonderin' what you're doin' tonight

Are you laughin' out loud, dancin' around  
So happy with your new life  
Or do you miss what we had? Do you ever look back?  
Do I even cross your mind?  
Well girl, I wonder what you're doin' tonight

Well driftin' off to sleep, I pray the Lord to keep  
My angel safe wherever you are  
And even though you're gone, it's never for long  
'Cause your memory lives right here in my heart  
And even though I know in time, I'll be alright  
I can't help wonderin' what you're doin' tonight

Are you laughin' out loud, dancin' around  
So happy with your new life  
Or do you miss what we had? Do you ever look back?  
Do I even cross your mind?  
Girl, I wonder what you're doin' tonight
