

# More Than Everything

Rhett Akins

Long before the first beats of our hearts  
Somehow someone knew that you belonged here in my arms  
And now that I've gotten you girl I'm amazed every day  
How you make my life complete in every way

But when I start to question just how on earth you found me  
All I really have to do is stop and look around me

He shows the rivers where to run, struck the match that lit the  
sun  
He writes the songs the birds sing, makes the flowers bloom in  
spring  
But of all the things He's done, He made me for you and you for  
me  
And that's more than everything

My hearts telling me each time we touch  
This love has always been bigger than the both of us  
As I look into your eyes, darling, now there's no doubt  
I know you're the one thing I could never live without

I'm forever thankful for all the gifts in my life  
And I feel there is someone smiling down on us tonight

He shows the rivers where to run, struck the match that lit the  
sun  
He writes the songs the birds sing, makes the flowers bloom in  
spring  
But of all the things He's done, He made me for you and you for  
me  
And that's more than everything

But of all the things He's done, well, He made me for you and y  
ou for me  
And that's more than everything, more than everything
