

# Caroline

Rhett Miller

Friend of mine  
You're so tall and so thin, all alone  
Heart, blood, a heart made of stone

Take my hand  
Darling, don't squeeze my fingers so hard  
Yeah, we're off to a curious start

Please, don't leave  
'Cause I'm begging you

I would be devastated  
'Cause I feel like we could have made it  
Caroline, Caroline

You're so strong  
A picture of cool I must say  
I will love you forever today

There you go  
Please, don't leave

'Cause I feel like we could have made it  
Caroline, Caroline

I am my own arch enemy  
I am my own arch enemy

Here we go  
I can't believe all the things we have done  
I cannot believe I am the one

Caroline  
I am my own arch enemy  
Caroline  
I am my own arch enemy

Oh, and I would be devastated  
'Cause I feel like we could have made it  
Caroline, Caroline

I am my own arch enemy  
I am my own arch enemy
