

Blood, Sweat, & Beers

Rhino Bucket

And I beat you and I can beat him
And I can beat everyone 'cause I'm here to win
So grab yourself a beer and chug it down fast
You better hurry up boy 'cause it sucks to be last
No one wants to have a dead beer, just got to keep it
real
Blood, Sweat and Beers, you're in the outdoors now
Blood, Sweat and Beers, grab one and chug her down
You think you've got sack, it's about nutting' up
You better put your game on and don't you suck
When you're going in blind, there's four beers there
I'll never tell a lie, I swear their there
No one wants to have a dead beer, just got to keep it
real
Blood, Sweat and Beers, you're in the outdoors now
Blood, Sweat and Beers, grab one and chug her down
