

## No Friend Of Mine

Rhino Bucket

Damn, it's a shame, just when I was stayin'  
You were walking away  
Now listen here, I ain't done complainin'  
And this is what I say  
You've got lots of little problems  
I've got lots of little friends  
No friend of mine  
Ain't no friend of mine  
No friend of mine  
Ain't no friend of mine  
Damn, once again, I find myself in trouble  
On some southern ride  
No going back, I think I'm seeing double  
Time to say goodbye  
So you walk that way and I'll walk this way  
And let me make it clear  
So you want to be a good friend of mine now  
What makes you think I care  
You've got lots of little problems  
I've got lots of little friends  
No friend of mine  
Ain't no friend of mine  
No friend of mine  
Ain't no friend of mine  
Stand back  
Time for me to fly  
Solo  
You've got lots of little problems  
No friend  
You've got lots of little problems  
No friend  
No friend of mine  
Ain't no friend of mine  
No friend of mine  
Ain't no friend of mine  
No friend of mine, no friend  
No friend of mine, no friend  
No friend of mine
